Congratulations to the Hunt Test committee members, and everyone who contributed to making the SCVBC hunt test a success!

This was the last hunt test of the season in a five state area and entries remained low until the last entry date. This caused the new Hunt Test Committee to be extremely anxious because we had hundreds of birds ordered for the event. The purpose of the hunt test is to rate each dog's skills in handling real hunting situations including finding and retrieving shot birds. In the end, we had about 30 entries at both the Saturday and the Sunday events. Entries were from as far away as Canada, South Dakota, and Illinois.

The club held the two hunt test events at Four Brooks near Milaca, MN on June 16 and 17. It was in the upper 80's with a little rain. Several of our club members' dog were successful at "qualifying" for another "leg" at earning their next title. Congratulations!

Thank you to all the club members and other people that let us recruit them, to help with the events' activities. Our youngest recruit was about 8 years old and he did a great job planting birds. It was a lot of on-the-job training, people doing multiple jobs, and everyone still hav-

ing! Special thanks to the following club members: Wes Harden (above left), Denise Koslowski, Mark Dinsmore, Rod Dobey, Tony Pouliot (above middle), Doug Lodermeier (above right) and Mike Nibbee.

— Mary Tyson, Hunt Test Secretary
